ACTION TAKEN REPORT on TEACHERS' FEEDBACK ON CURRICULUM 2024-25

Government Degree College, Tekkali places significant emphasis on understanding and meeting students' personal aspirations and parents' expectations regarding the quality of education and their children's overall development.

Feedback from Teachers plays a crucial role in achieving this objective, allowing the institute and faculty to evaluate the curriculum's effectiveness and administration, ensuring a holistic learning experience.

Feedback was collected online from all faculty members department wise.

Action Taken

Every department has planned Field visits and industry visits to enhance students' knowledge in their subject. It was observed that the suggestions made by majority of teachers was regarding review of syllabus further more under single major system and the same is communicated to the affiliating University. Language teachers suggested introducing language subjects in third semester which is also represented to APSCHE and CCE through Teachers Union.
